

# DUST SUPPRESSANT

### **DUSTMARK**

DUSTMARK is a versatile non-aqueous solution that effectively reduces the release of dust particles from road surfaces. This innovative product significantly minimizes dust production during travel, ensuring a cleaner and safer environment.

#### **ADVANTAGES**

- Mitigates dust generation during movement.
- Environmentally safe.
- Can be applied at sub-zero temperatures.
- A single treatment provides protection against dust emissions on roads, promoting better air quality and enhancing visibility for drivers and pedestrians. Its long-lasting effects offer sustainable dust suppression, resulting in improved road conditions and reduced maintenance needs.

#### **TREATMENT**

DUSTMARK should be applied as a fine mist, evenly over the surface of the road.

#### PRODUCT HANDLING

Read the SDS carefully and completely prior to handling this product.
